I understand that Happy Tails Animal Rescue makes no representation about the health of any animals I may foster. Should an animal need veterinary attention while in my care, I will either return it to Happy Tails Animal Rescue or assume responsibility for all veterinary visits in coordination with Happy Tails Animal Rescue. Should any medical conditions develop, I will notify Happy Tails Animal Rescue within one business day.

I also understand that any fostered animal remains the property of Happy Tails Animal Rescue and I agree to return such animal(s) immediately upon their request. I will provide Happy Tails Animal Rescue with a weekly update on the condition of all fostered animals. I will return all animals at the end of the foster period. Should anyone be interested in adopting a fostered animal, I will direct them to do so through Happy Tails Animal Rescue.

I grant Happy Tails Animal Rescue, its representatives, and employees the right to use photographs and/or video provided by me in connection with my foster parent volunteer service. I authorize the use and publishing of the same in print and/or electronically. I agree that use of such photographs/video of me may be used with or without my name and for any lawful purpose, including publicity, illustration, advertising, and web content and I hereby waive all claims for compensation for the use of the photographs and/or videos, and release and hold harmless Happy Tails Animal Rescue from any liability arising out of the use of my name, photograph or video. I agree that this consent is intended to satisfy any and all of the consent requirements of Civil Code sections 3344 and 33441.1 and hereby waive and release any and all claims that I may have against Happy Tails Animal Rescue under those statutes or any other statutes or common law principles of similar effect.

I understand and accept that there are certain risks involved with fostering and handling animals, and other activities in which I may engage as a foster parent volunteer for Happy Tails Animal Rescue. Such risks may include, but are not limited to, animal bites, scratches and illnesses that may be transferred from animals to people. Furthermore, I understand that certain illnesses may be transmitted to my own animals, and it is solely my responsibility to ensure that proper preventative measures are taken to ensure their health. Any treatment required for my own companion animal(s) is my responsibility and I will not be reimbursed for any costs incurred.

I have read and understand the Volunteer Release and Liability Waiver above. I accept and agree to be fully bound by the terms and conditions set forth therein.

Happy Tails Animal Rescue

Foster Policy

The following information should help you understand what is required of a foster parent.

- Happy Tails Animal Rescue may place animals into foster homes to alleviate shelter overcrowding, nursing care, supportive care for un-weaned animals, or minimize rescue stress. The decision to place animals in foster is at the discretion of Happy Tails Animal Rescue.
- All fosters must complete an Animal Foster Application and sign a Liability Waiver.
- Upon submission of an Animal Foster Application, Animal Services shall conduct an inspection of the foster home and conditions in which the animal is to be kept. Approved foster homes may be re-inspected.
- The completed inspection form and application shall be forwarded to the Shelter Supervisor for evaluation. Upon approval, the applicant will be given a Foster Parent Handbook and can begin fostering animals.
- Under special circumstances, Happy Tails Animal Rescue may authorize the fostering of animals by an applicant prior to the home inspection.
- Authorization to foster: animals shall be placed in approved foster homes only with the approval of Happy Tails Animal Rescue.
- A maximum of 6 dogs and 6 adult cats are allowed in a home, including owned animals. A maximum of 20 kittens or 10 puppies can be fostered at one time, depending on space.
- No surgery or elective treatment is to be performed on any animal without the prior consent of Happy Tails Animal Rescue. All expenses associated with fostering an animal, **including veterinary care not prescribed or approved in advance** by Happy Tails Animal Rescue, are the responsibility of the foster.
- If after hours emergency treatment is required, the Airport Veterinary Clinic should be utilized. Inform the emergency clinic staff that the animal is a foster from Happy Tails Animal Rescue and have them contact Taylor Bullock or Aaron Childress for approval to treat.
- Happy Tails Animal Rescue is to be notified within one business day of the development of any medical condition.
- Animals in foster care remain the property of the Happy Tails Animal Rescue and must be returned upon request.
- All active fosters will contact Happy Tails Animal Rescue by email or phone on a weekly basis to provide an update on animals in their care.
- All animals are to be returned to Happy Tails Animal Rescue for adoption at the end of their foster period. Fosters will not directly release animals to adoptive owners and will refer anyone interested in adopting a fostered animal to the Happy Tails Animal Rescue.
- Foster cats and kittens must never be allowed outside in an unconfined area. Foster puppies and dogs must be walked on a leash.
- Fosters who are bitten or otherwise injured during the course of their foster activities must immediately notify the Shelter Supervisor to have a report taken.

I have read and understand the above Foster Policy and agree to abide by it.
